SAFETY RECALL NOTICE

Dear Mr. Chris Knowles:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Tomberlin Automotive Group has decided that certain 2012 model year AVL low speed vehicles fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 500, "Low Speed Vehicles."

! I M P O R T A N T !

- Tomberlin Model year 2012 AVL's are being recalled
- Contact your nearest dealer to schedule an appointment to have the repair completed

VIN# 5TSTA273XCG120005 Dealer – Southern Custom Carts Ph.# (954) 636-2186

Why is a recall being conducted?

The seatbelts on the AVL are missing a manufacturer's date code and have an incorrect type statement. In the event of a safety issue with the affected seat belts, the vehicle owner may not be able to identify the seat belt if it does not have a date of manufacture.

What are we doing about the problem?

Tomberlin will replace the seatbelts on these vehicles free of charge. The time required a dealer to replace the vehicle is estimated to be 2 hours.

What should you do?

Owners: Contact your Tomberlin Dealer and schedule an appointment to have the replacement completed.

Dealers: Repair the vehicle in your possession and file warranty as per the normal warranty process.

What if you no longer own this AVL?

Please contact Brad Wiley @ 706-860-8880 ext 112
